LETTERS FROM CORRESPONDENTS.

Around the County in Seven Days.

The Happenings of the Past Week Told in Detail by Efficient Correspondents.

FROM.

Paria, Utah, July 4th, 1900.

Post Office Inspector, J. A. Small, was out this way last week and checked up the Paria office. Mr. Small is a very pleasant gentleman and is a welcome visitor.

Leo Walker, Arthur B. Wright, Geo. Casper and John Wardell, who have been in Wyoming for the past few months, came home to spend the Fourth.

The Glorious Fourth was celebrated here in grand shape. There was a procession, meeting at the bawery, speeches, singing and musical selections galore. In the afternoon a dance was given to the children followed by games, races, etc., etc., fireworks and a dance in the evening.

B. H. E. Voss.

The Appetite of a Goat.

Is envied by all whose stomach and liver are out of order. Not such know that Dr. King's New Life Pills give a splendid appetite, sound digestion and a regular bodily habit that insure perfect health and energy. Only 25c at John Boyden & Son's Drug Store.

NOTYVILLE.

Notyville, Utah, July 3, 1900.

No celebration here on the 4th. All gone dead.

Some patches of potatoes were nipped by frost on the night of the 3rd.

Miss Mary Hawn is up from Laki, visiting with her brother John.

The first hay crop is a very good this season and the farmers are busy gathering the same, the weather being very favorable.

Last pay day our creamery paid out nearly \$600 cash to its patrons. This helps the housewife admirably.

The long dry spell is having a telling effect on the river, and unless we get some heavy rains the chances are that the river will be dry in a week or two.

The Summit County Marble Works received a car of sawed marble this week from the east. The freight alone amounted to \$711, this being the largest freight bill ever paid on one car of any freight coming into Coalville.

Business men who lack the vim, snap and vigor they once had, should use HERBINE, it will purify the blood, strengthen and invigorate the system. Price, 50 cents. Sold by John Boyden & Son.

GRASS CREEK.

Grass Creek, July 4, 1900.

This place was well represented in Coalville on the Fourth.

We have been favored with hot days and cold nights the past week.

Eliah Turner has gone to Springville to visit with his sister whom he has not seen for ten years.

C. A. C. made another flying trip on business here this week. His stay was only about one hour.

Miss Libbie Barber went to Evanston Tuesday and spent the Fourth with Mrs. J. J. Cross. She will return home tomorrow.

An ice cream party was indulged in at the residence of Joseph Barber last Tuesday evening, all present having a good time.

D. Y. Haddock and his son John have left their occupation at Goodfield. They were here one night this week on their way home to Almy, Wyo.

After the religious class sessions last Saturday evening Miss Eliza J. Barber visited the members of the class in her home, where they enjoyed themselves in games and singing; refreshments were

served and the party left for their homes at 10:45.

WASHATCH.

Washatch, Utah, July 3, 1900.

Editor Times:

Melvin Ball went to Coalville to celebrate.

The hay crop here will be medium this year.

Walter Wilson, the Hensler promoter, is here with the telephone men.

The Washatch Store has finished up business and closes its doors on Thursday.

Alex. Wright and family will return to their home in Coalville the end of the week.

The sheep herds have about all left this end of the county and gone to the reservation.

A boom is on in surveying circles. Several gangs are out making experimental surveys and driving stakes, some of which will no doubt be found by the mowing machines.

The telephone men have reached here with the construction of their line, and it looks a little more like civilization to see this mode of communication in our midst. But as no station can be opened unless at least \$15 per month business can be guaranteed, Washatch will not get the full benefit for a while at least.

It Saved His Leg.

F. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Buckley's Arnica Balm wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best balm in the world. Cure guaranteed. Only 25c. Sold by John Boyden & Son's Drug Store.

HERNIM.

Hernim, Utah, July 3, 1900.

Haying has commenced and everybody is busy; in fact some had to work on the 4th.

Kider C. B. Jones of Coalville was a missionary to our Sabbath School last Sunday.

Quite a number of people from Salt Lake and other places were here spending the Fourth with relatives.

D. H. Livingston, of the New York Life Insurance Company, spent several days here transacting business this week.

Our depot is finished, and prepaid freight will be put off at Hensler. The people must assume the responsibility of it after it is unloaded, as there is to be no agent here for the present.

A good time was had by the people here on the Fourth. Gun firing at daybreak and hoisting the flag at sunrise braced them in the day. About 10 a. m. the brass band decorated some lively music and the people assembled at the school house, where a dance was given for the children. The afternoon was spent in playing ball and various sports, and in the evening a grand ball finished up the recreation of the day. The various committees deserve praise for the energy and labor they have displayed in making the day enjoyable to all, and no doubt another good time will be had on the 5th.

Children often cry, not from pain, but from hunger, although fed abundantly. The trouble arises from indigestion; their food is not assimilated, but devoured, by worms. A few doses of WHITE'S CREAM VERMIFUGE will destroy the worms, when the children will begin to thrive at once. Price, 25 cents. John Boyden & Son.

Hearthstone.

When the quantity of food taken is too large or the quality too rich heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by John Boyden & Son.

County Tax Levy.

The County Commissioners were in session Monday and part of Tuesday. The greater part of the business transacted was regular routine work of allowing bills and claims against the county. The regular indigent list was also allowed. This amount and the bills aggregated \$1,220.08.

A petition was presented from James A. Knight and other residents of Woodland, requesting that school district No. 11 be divided. The request was granted and school district No. 14 was created for which the following were appointed to act as trustees: Henry Atkinson, William Prescott and Oscar Eskelson.

A new culvert was decided on to be placed on the county road at James Hixson's residence.

By resolution the board made a tax levy of 4 mills on the dollar on all taxable property in Summit county for county purposes and 2 mills for school purposes.

White Man Turned Yellow.

Great consternation was felt by the friends of M. A. Hogarty of Lexington Ky., when they saw he was turning yellow. His skin slowly changed color, his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bitters, the wonderful Stomach and Liver remedy, and he writes: "After taking two bottles I was wholly cured." A trial proves the matchless merit for all Stomach, Liver and Kidney troubles. Only 50c Sold by John Boyden & Son's Drug Store.

THE CELEBRATION.

Base Ball, Dances, Races, etc., at the City Park.

The committeemen who got up the celebration on the Fourth are deserving of great credit. They did not have much time to prepare for the event, but they went to work with a will, and the result is that the people had a good and enjoyable time.

At daybreak a salute of 15 guns was fired and as the sun was rising the Stars and Stripes were hoisted while a male chorine sang "The Star Spangled Banner."

About 10 o'clock the people began to gather at the City Park taking their lunch with them. A base ball game was commenced about 11 o'clock between Hoyterville and Coalville, and it was quite an interesting game. The score was 20 to 20 in favor of Coalville.

In the afternoon the children were out in full force to attend the dance, and the pavilion was filled with the little tots who had come to enjoy themselves. They danced for several hours and had a fine time. The prize for the best ballroom was won by Gladys Beard and Ruby Branch.

While the dance was going on the boys were trying the Manila trick. Bert Lantry was the lucky one to receive the first prize for crawling the ropes.

Two races were next in order. The old man's race over 50 was won by Robert Lantry.

Support on the bills were run, and proved quite interesting.

A cricket game was played by two Coalville teams, and the score stood 41 to 6. A single match was played between D. Robinson and Hyrum Hale, resulting in a score of 2 to 5 in favor of Hale.

There was to be a bicycle race at 5 o'clock, but it did not come off. The reason was that a few minutes before that hour a collision occurred, and as a result George Williams, Cornelia Branch and ye editor have a few sore bones.

Miss Branch and two other girls were riding down Main street and the writer and George Williams were riding behind them at a rapid rate. Two of the girls were passed all right, but when about to pass Miss Branch, she made a turn to go over on the sidewalk, when the writer's wheel struck her's with great force, throwing both riders heavily to the ground. George was close behind and riding so fast he could not turn out, and he piled up in the wreck. It was a miracle that no bones were broken, and some one seriously injured, but as it was, there was only a few scratches and bruises and a shaking up for each one. The writer's front wheel was smashed, but the other two bikes were not damaged very much.

There were several horse races run on the Court House hill between Wheaton's horse and Big Robinson's and several others; prizes were given the winners.

The celebration closed with two dances, one at the Park pavilion and one at the Opera House. The latter was not very largely attended, and about sixty couples were present at the other. A good and enjoyable time was had at both places.

If the stomach, liver and bowels fail to perform their functions regularly and naturally, the blood becomes contaminated with impurities, and the whole system is in consequence debilitated. HERBINE is remarkable for its efficacy in curing the ailments of summer and the disorders prevalent during hot weather. Price, 50 cents. John Boyden & Son.

HERITAGE. Suggested by Reading "Ancient of Man."

When the first man and woman had left the mountain of the Garden, across the river of Possibility and stood upon the shore of Time, ready for their onward journey towards Possibility, the Angel of Opportunity appeared unto them and said:

"Man, make a prayer to Nature and Life. Pardon wisely, for whatever you ask shall be the heritage of your son forever."

And the man thought and thought, then looking up at the glowing sun exclaimed:

"O, Nature, do not thrust your greatest treasure upon me, nor permit me making me remember pain."

The Angel said to the woman, "pray thou also in wisdom." As the woman bent low her head she said:

"O, Nature, do not allow me to grow callous nor empty. Hold me so close to the joys, so few, the sorrows, so many, that I may gain strength from each."

Again the Angel bade the man pray, and once more stood and looked at the glowing sun, saying:

"O, Life, give me joy and pleasure. Do not unload upon me the sorrows of others; do not open my eyes to pangs I cannot usage. Give me secrets and the power to cast away regrets."

"Hither," said the Angel, "pray." The woman bent still lower, and in a softer voice uttered her petition:

"O, Life, do not take away from me the memory of sorrow, the shell holding the kernel of joy; do not let me become blind to the debt I owe others. Make tender; give me a woman's perils, pain—that I may attain my full stature."

And that the Angel's promise might be redeemed, from that hour there was implanted in man overwhelming love of pleasure, and ingrained in the heart of women the instinct of motherhood.
